NEVADA MINING NEWS.

The Gold Hill News of Thursday contains the following information regarding the prominent mines of the Comstock. It will be found of interest to share holders.

Consolidated Virginia.

Daily yield, 4.0 tons of ore. The ore breasts on the 1200, 1300, 1400 and 1500 foot levels are all yielding splendidly. The ore breasts on the 1300 and 1400 foot levels are extended both north and south, and are of an increased richness. The ore body on the 1100-foot level which has heretofore been neglected in the haste to prospect the ore development downward, is now being opened out, and is proving much better than was expected. A large number of men are now employed in the development of that portion of the mine. Cross cut No 1 east, on the 1500 foot level, is in 350 feet, the face still in the richest quality of sulphuret and chloride ore. Cross cut No 2, on the California line is also in the same immensely rich ore. The face of the main north drift on the 1555 foot level is still, if possible, richer ore than ever. This drift is now 50 feet into the California ground, having passed the entire distance through a solid body of rich sulphuret ore, intermixed with stephanite and native silver. The east cross cut from this drift 200 feet south of the north line is still pushed vigorously ahead, the face still in the same magnificently rich ore as that found on the levels above. The new mill is running steadily on ore from the mine, and every new prospecting drift run seems only to increase the already fabulous amount of wealth developed.

Ophir.

Daily yield, 250 tons of ore. The ore breasts between the 1300 and 1465 foot levels continue to yield well and look more promising than at any time in the past. The north east ore breast on the 1465 foot level has opened out immensely rich during the week, much of the ore extracted assaying up into the thousands. This is an entirely new development, and one of great importance as it proves the ore body to grow richer as the developments progress to the northward. The bottom of the northwest winze 50 feet below the 1435 foot level has developed during the past three days, a solid body of rich, black sulphuret ore, much of which is thoroughly mixed with stephanite and native silver. An average assay from the bottom of the winze gave a result of \$900 per ton, while choice pieces assayed from \$6,000 to \$10,000 per ton. The average assays from the ore breasts on the 1465 foot level, average \$250 per ton and the yield of the mine will be greatly increased during the present month. The water is drained from the 1700 foot level, and the developments of the ore vein on that level will be commenced in good earnest to day or tomorrow. The future prospects of the mine grow more flattering every day.

California.

The face of the cross cut east on the south line, on the 1500 foot level, is still in the richest possible character of ore. Cross cuts No 2 and 3 on the same level have each about 20 feet yet to run to cut the rich sulphuret body developed in the drifts and cross cuts further to the south. The southeast cross cut on the 1465 foot level of the Ophir has developed a magnificently rich body of sulphuret and chloride ore of the same character as that found on the north line of the Consolidated Virginia. The north drift from the Consolidated Virginia on the 1555 foot level has penetrated the California ground a distance of 50 feet the entire distance in ore of the richest possible character.

Belcher.

Daily yield 400 tons of ore. The ore breasts on the 1300 and 1400 foot levels continue to look well and yield the usual amount of good ore. The main north drift from the incline to prospect the ore vein on the 1000 foot level is making steady progress. Both the middle and south winzes from the 1100 foot level are continued downward in good ore. The new shaft is down 365 feet, the bottom in good working ground. The upraise to meet the air shaft is up 230 feet, and is also making fine progress.

Crown Point.

Daily yield, 450 tons of ore. This ore is mostly extracted from the ore-breasts lying between the 1400 and 1500-foot levels. The 1500-foot level continues to yield some ore taken from spots near the north line. The main east prospecting drift and cross-cuts on the 1600 foot level show nothing new to report.

Mexican.

The north drift on the 1465 foot level of the Ophir yesterday afternoon and this morning, show vast improvement, and there is now but little doubt that the rich Ophir ore body extends into and perhaps ends at the Ophir-Mexican ground.

Death of a Congressman Elect.

New York, Jan 22

Colonel Augusta Fuller, Democratic member of Congress elect, from the Thirty third District of New York, died at his residence in Jamestown yesterday, aged 65.

The Black Hills.

Sioux City, Iowa, Jan 21

J. Desperies arrived here to night directly from the Black Hills. He went out with Colonel Yaw's force which left last October. His party confined their operations to the south part of the hills. They found gold every place they prospected, but not in paying quantities.

England vs Peru—Has Russia's Support

London, Jan 22

There is said to be good authority for stating that the British government has demanded an explanation and apology from Peru for removing passengers from the British steamer at Callao.

A St Petersburg journal has an article which is taken as an indication that Montenegro has the support of Russia in his difficulty with Turkey.

Pacific Mail Subsidy Money

Washington, Jan 22

Iwin continued his testimony before the Ways and Means Committee this morning. He said he engaged Schumaker without giving him any retaining fee but the understanding was that he was to be paid \$500,000 upon the passage of the bill for his services in connection therewith. He gave Schumaker no instructions to take out a fee from this sum and return the balance to the company. He never gave Schumaker instructions to pay any portion of the money to any person, as Schumaker's compensation was to be wholly contingent and as witness considered him a man of ability, he (witness) thought \$300,000 a fair agreement for his services. He never reported to Stockwell that he had employed Schumaker, and never gave Schumaker any instructions whatever. He knows nothing of the Elmore transaction or with General Smith. Witness gave a \$150,000 check to Wm S King, in Philadelphia. Iwin then receipted sundry payments made by him in addition to those mentioned yesterday, among them \$15,000 to John M. Morris, of the Chronicle, ten to fifteen thousand to Moran for writing letters etc., \$85,000 to Ex Postmaster General Randall for the special purpose of buying off the Washington agents of the combination of New York stock operators who were fighting the Pacific Mail subsidy, while it was before the Senate.

Senator

Lincoln, Neb Jan 22

The Legislature in joint session to day elected A S Paddock former acting Territorial Governor, United States Senator. The vote stood Paddock, 7, Thayer, 11, Mutin, 1, Patrick 1.

Incorporations—Lost at Sea—Death of Frank Farrington

San Francisco, Jan 22

The following named Companies were incorporated yesterday. Indian Queen Mining and Milling Company to mine in Esmeralda county, Nevada, or elsewhere in said State, \$6,000,000 capital stock. Directors—A E Davis, Seth Cook, Grove Adams, Edward Barrow, Wm Adams.

North San Francisco Silver Mining Company to mine in Storey County, Nevada. Capital stock \$10,000,000. Directors—A Staples, C J Cahon, C M Peck, J P F Atwell and H R West.

The steamer Mongol, of the London New York and China Steamship

Company, was lost twenty miles from Hongkong. The Capt and wife, first and fourth officers, second and third engineers, went down with the ship. Fifteen lives were saved.

A cable dispatch without date was received yesterday announcing the death of Frank Farrington well known in this State and Nevada. A short time since Farrington left for London with the idea of organizing a company to develop certain mines in Nevada, of which he had control. He sailed from New York on the 8th of this month. The presumption is his death occurred on the passage here or immediately on his arrival in England. A telegram from some one not known to the family was probably forwarded by a fellow passenger. Farrington was long connected with the press of Nevada, one of the pioneers. He subsequently accompanied Minister DeLong to Japan as private Secretary. During his residence in Japan he was appointed mining expert by the government and made an extended tour through the mining regions inspecting mineral deposits in several districts and submitting elaborate reports or then prospects to the authorities. He leaves a wife and child in Oakland.

Snow Slides.

SALT LAKE, Jan 21

Another snow slide at Big Cottonwood cañon yesterday, near the Richmond mine. Six men were killed. The bodies of the six killed by the snow slide at Alta city were recovered. Many more are reported to have perished.

The Situation in Marysville

MARYSVILLE, Jan 21

Tuesday at 2 P M the water was two feet higher around the city than ever known. The levees were gallantly defended by the militia until 5 P M when the water poured over the top in places of fifty to one hundred yards in length. Every one took to saving property. By 10 P M the water stood in D street five feet deep. Merchants piling goods up in stores narrowly escaped and were taken out in boats. Boatmen were offered \$50 an hour for boats. Added to the terror, three fires broke out, one in the Western House Block in the store of E C Ross & Co. Hundreds of women and children took refuge on roofs and balconies. This block by the bakery of Ross and others the fire was subdued. Families in the suburbs took refuge on the roofs of houses. On Wednesday at 2 A M the water began to recede. By 9 P M it was off the principal streets. At daylight this morning the city presented a woful appearance. Merchants opened their doors and found counters upset, shelves filled, goods saturated and covered with the yellow slum of the Yuba. The cities of the heaviest losers are dry goods clothing, grocery, boot, shoe and tobacco merchants. The wildest diameer could not picture the havoc and ruin that has befallen the city. It is impossible to form a correct estimate of the losses. Not less than \$1,000,000 will cover the personal property lost. Merchants 75 per cent of their stock. None escaped. One life Joseph Lanchlen, aged six years, drowned. The heavy losers are Wm Cohen & Co, W L Ellis, Wayne & Ellis, W C Hatcher, Marysville Woolen Mill, D A Elwell & Co, Teistegge & Label, M Marouse & Co, P Brown & Bio, A Suss & Co, Hochstetler & Co, Tunnery & Fisher, F Dougal, E C Ross & Co. Yuba City is not much affected. No water in the streets. The levee broke above the water ran back all over the country. Suffer farmers suffer a great loss of stock and fencing.

MARYSVILLE 21.—To Jno J Valentine General Superintendent Wells, Fargo & Co.—Six feet of water over the town. All Houses damaged. Poor destitute. Money much needed. Plenty of goods cheap here. Anything acceptable. (Signed) W T McLean, Agent Wells, Fargo & Co.

Relief Committee

MARYSVILLE, Jan 22

At a meeting of the citizens held last night in the City Hall for benevolent purposes a committee of five was appointed as a Relief Committee, consisting of Mayor Wm Hawley, J H Jewett, W T Ellis, A J Bitchelder and N D Reardon. The Committee have opened a room in W L Ellis store to furnish those in need. A Committee of the Howard Benevolent Association of Sacramento came up on the steamer Flora from Sacramento to relieve

o'clock with provisions from that society, to relieve necessary wants. It consisted of Mayor Green, Judge Cross, Judge N Greene, Cuts. They returned this morning at eight o'clock by the steamer Flora. No estimate can be made of the damage but many merchants declare themselves ruined. A fire broke out in the drug store of Dr Wilkins this forenoon at 10 30, caused by damp chemicals, but with slight damage. Quite a little rain fell last night. The water is still high and running through the street slough. Relief is coming in through various sources and is much needed. Hundreds have lost everything they had having to wear borrowed clothes and blankets. Women and childrens wear and money very much needed by the poor. The Relief Committee report great distress, no business of any kind going on, all being occupied overhauling damaged goods. Fresh meats are beginning to appear in the market. No gas in the city since the night of the flood.

LA & I Railroad—Luttrell—Munier. LOS ANGELES Jan 22

The Los Angeles & Independence Railroad will be in running order to Anaheim by Monday.

The Chamber of Commerce to day received a dispatch from Congressman Luttrell, saying he would oppose Houghton's bill to change the route of the Southern Pacific Railroad before the committee on Finance to day.

McArthur who killed Neilson, at Arizum a few days ago, was brought here to day and lodged in jail.

Subscriptions to the Los Angeles and Independence Railroad are increasing daily and the building of the road now is considered a certainty.

Rail

CALISOGA, Jan 22

It has rained all night and still continues, with south wind. Lake county stages arrived to day and report creeks high and were just able to get here.

Vasquez

SAN JOSE Jan 22

The time for passing sentence on Vasquez is set for tomorrow, Saturday January 22d at 10 A M, when a motion for a new trial will be presented. If it is refused his attorneys will appeal the case to the Supreme Court.

Sudden Death.

OAKLAND Jan 22

Hon Henry Durant, Mayor of Oakland ex President of the State University, died at his residence at his residence at half past three this afternoon of congestion of the lungs. He was quite well last evening and attended a meeting of the regents of the University at the Grand Central Hotel.

Boots and Shoes!

DR. A. B. SPINNEY.

WELL KNOWN throughout the country as a Pathologist and Physiologist whose successful treatment of certain physical disabilities and functional derangements has deservedly entitled him to the familiar recognition of the GREAT SPECIALIST would respectably inform the citizens of Virginia City, Nevada, and vicinity that he can be consulted at No. 188 South C Street, Virginia, seven doors north of the French Drug Store, at his office thus giving invalids an opportunity of adding themselves, through his professional agency, of such constitutional annoyances and ailments as he claims to compass and to cure. Without entering into biographical details, it is sufficient to simply promulgate the fact that DR SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada) East Medical Institute. The regime of the English Pharmaceutical Colleges is regarded by an advanced standard. An extended experience and an assiduous study of the varied phases of disease enables him to guarantee the assurance of success in the eradication of the multifarious chronic affections incident to both sexes such as Nervous Debility, Exhausted Vitality, Sexual Excesses, Marriage Impediments, Chronic and General Affections.

TO THE LADIES.

DR SPINNEY while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring them that in consultation with a competent knowledge of their various ailments such as Nervousness, Neuralgia, Spinal Weakness, Loss of Appetite, Irritable Phlegmasia Uteri, Retroversions of the Uterus, Menstrual Disorders, Dyspepsia, Indigestion, Constipation, and the many petty irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN.

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this the greatest boon ever laid at the altar of suffering humanity. DR SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would therefore say to the unfortunate sufferer who may read this notice, that if you are suffering from any of the above named ailments, delay in seeking the proper remedy for your complaint. You may be in the first stage, remember you are approaching the last. If you are biding upon the last and are suffering some or all of its evil effects, remember that if you obstinately persist in your present course, the time must come when the most skillful physicians can render you no assistance, when the door of hope will be closed against you, when no angel of mercy can bring you relief. In no case has a cure been effected without the aid of Dr. Spinney's "Secrets of Success." Then let not despair work its evil upon your imagination, but avail yourself of the benefits of results of his treatment and you will find that the cure of your ailment is beyond the reach of medical skill or before your death hurries you to a premature grave.

COME AND BE HEALED.

It matters not what your trouble may be, come and let the Doctor examine you. He will tell you nothing for consultation so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so, if not, he will say so for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.

There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the blood, often accompanied by a shivering or burning sensation and a swelling of the system in a manner the ordinary doctor is unable to account for, on examining the urinary deposits aropy sediment will often be found and sometimes small particles of albumen will appear in the color will be of a pink and milky hue again changing to a dark and torpid appearance. There are many men who die of this difficulty ignorant of the cause, which is the second stage of seminal weakness. Dr S will guarantee a perfect cure in all such cases and a healthy restoration of the system. Only in a minority of cases balance of treatment can be conducted at home without interruption of business. No costs incurred without a personal interview and physical examination. Office hours—10 to 1 2 to 4 and 7 to 8. Consultation free. Examination at advice.

OUR PUBLIC SCHOOL.

We yesterday afternoon silently folded our tent and stole away to the school room. Education is the safeguard of all free institutions and it is our duty to look well to it that our public school system should receive every care and attention. We were much pleased with our visit and shall repeat it at our earliest convenience. Yet how very few persons there are who really feel sincerely interested in school affairs to visit the children in school is frequently as they ought teachers and scholars are always glad to welcome the friend who are interested in the success of educational work. Make a point to be in school when your child's class is reciting. Notice how the child recites, as well as how the teacher teaches. Speak a word of encouragement to the teachers, and they will bear the burdens and annoyances of the school room with much ease. By all means visit the schools often.

REAL MAD—The maddest man in the town, lately, was the one who had been told that the first snow of the season was the proper thing in which to break his new boots. He says that if he can find the walking encyclopaedia who dispersed such gratuitous information he will show him a wrinkle in the boot breaking business which, though having no claim to novelty, has always been attended by a large amount of satisfaction to the wearer.

If merchants do not invite your patronage through the columns of your paper, it is fair to conclude that they don't want it.

Two horns will last an ox a life time, but many a man wants that number every morning before break fast.

Another masquerade ball is on the tapis.

SURGERY—It is no longer necessary for the afflicted who need surgical aid to go to the coast, as they have now in Reno one of the most skillful surgeons in the United States. Dr. A. J. Grover has no superior on the Pacific slope as a successful surgeon. He guarantees the most perfect satisfaction in all cases that are within the reach of surgical skill. Also gives special attention to chronic diseases.

NOTICE—Mr. Nels Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. **St. Lee & Co.**

Oh no of course not for Nels Greenman has a laundry of his own and will do his level best to satisfy his old customers and gobble all new ones in sight. Nels Greenman, Pedro Laundry.

QUANTITY VS. QUALITY—Dooley's Yeast Powder stands pre eminent in market as being the only Baking Powder that is free from injurious substances. Not only this but each package contains the full quantity represented, while the quality is far superior to all others. Dooley's Yeast Powder will produce from twenty five to fifty per cent more good bread, rolls, biscuits, pastry, &c., than those of other manufacture, while it is always convenient to have in the house and is reliable and economical. If you have not tried it ask for it at your grocer's, and take no other.

MUSIC—Conrad Zick gives notice in another column that he is prepared to furnish music and also to give instructions on the guitar and brass instruments. Orders left at the Marysville saloon will be promptly attended to.
